

Vision Statement

Penzance may be an area of social and economic deprivation, but it is also full of natural beauty, creativity and innovation. At St. Mary's we embrace these riches to inspire children in a learning environment that follows the example of Jesus in the gospels.

Our Federation strap-line of "together we can make a difference" ensures that everyone is supported to overcome any challenges in order to achieve their God-given potential.

Our vision of "Learning with Hope" guarantees our school is full of aspiration and hope for the future so that we can flourish and live "life in all its fullness." (John 10 v 10)
